50 YEARS TRODAT PRINTY

Since 1976, the Original Trodat Printy has represented quality, innovation and lasting success. This achievement wouldn't have been possible without our loyal customers.

Across generations, their support has shaped the Printy's journey and inspired us to keep improving.

As we celebrate 50 years of the Original Trodat Printy, we extend our sincere thanks for our customers' partnership and trust.

Only thanks to them, the world's first self-inking stamp still remains "the trusted choice worldwide".

THE TRUSTED CHOICE WORLDWIDE.

THE BLUE ANGEL AWARD THE GERMAN ECOLABEL

The Blue Angel is an environmental label awarded in Germany since 1978 for particularly environmentally friendly products and services. The strict criteria for the award is set by the German Federal Environment Agency. The label is awarded by a jury made up of representatives from environmental and consumer associations, trade, crafts, scientists and the federal states.

The purpose of the eco-label is to provide customers with reliable guidance for environmentally conscious purchasing. This is because targeted demand for environmentally friendly products promotes ecological product innovations and reduces environmental pollution.

The Blue Angel stands for independent, transparent and ambitious labeling.

The Blue Angel is a so-called TYPE I Ecolabel, which is based on the international standard DIN EN ISO 14024 "Environmental labels and declarations - Type I environmental labeling - Principles and procedures (ISO 14024:2018)".

It differs from product labels that only look at one criterion or are awarded by the manufacturers themselves by providing a comprehensive and independent award for the better products in a product group.

Trodat has already proven in the past that the topic of sustainability is very important to the company. And as anchored in the Trodat vision - **Trodat, sustainable stamp solutions: everywhere** - numerous activities are also planned for the future in the area of sustainability.

THE ORIGINAL TRODAT PRINTY 4.0 THE 1ST STAMP TO RECEIVE THE BLUE ANGEL AWARD!

We are very pleased that after long and intensive preparations, we were able to meet all the necessary criteria to obtain the "Blue Angel" eco-label for the original Trodat Printy 4.0 models 4910, 4911, 4912, 4913, 4914, 4915 [eco-black and eco-grey with black pad], which is well-known and important in Europe.

The most important criteria for our award:

(DE-UZ-200 for writing instruments and stamps)

Stamp components such as frame, housing, pad holder made from at least 80% post-consumer recycled material

Replacement ink cartridge available

Ink tested according to DIN EN ISO 71-3 for compliance with the limit values

Index card made from 100% recycled paper

Single box made from at least 80% recycled paper

2023

- resource-conserving and environmentally friendly manufacturing process
- long lifespan
- low level of harmful materials

THE AUSTRIAN ECOLABEL

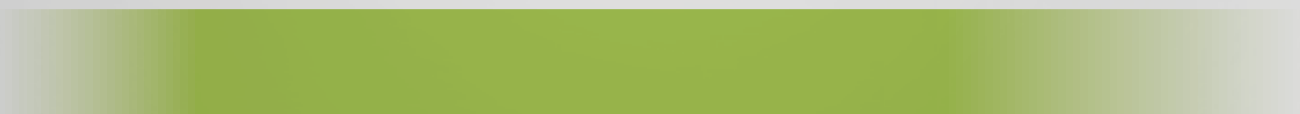

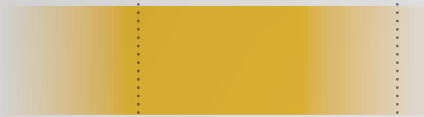

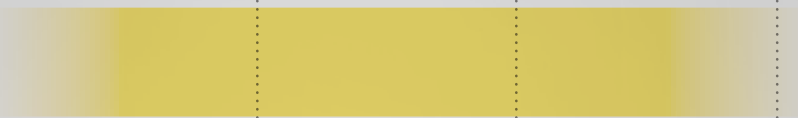

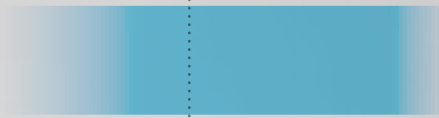

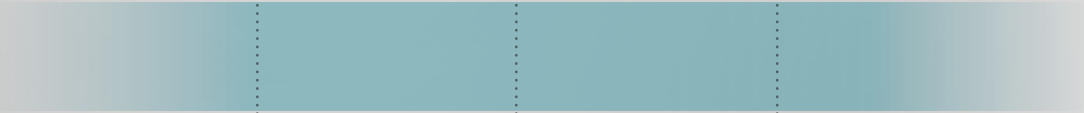

The Austrian Ecolabel is an internationally recognised environmental seal of quality and is awarded to particularly environmentally-friendly products. Certification takes place after rigorous testing of the entire life cycle of a product, from the extraction of the raw materials to disposal of the final product, and confirms the highest ecological, health and quality standards.

This applies to product lines including: Trodat Professional, Original Trodat Printy, ink cartridges, handstamp pads and stamp inks.

THE TRODAT PROFESSIONAL™ 4.0

STRONGER. CLEANER. FASTER.

These were the main criteria in the thoughtful development of the Trodat Professional 4.0. Thanks to your cooperation and lots of market research with stamp users worldwide, we are sure to have also met these requirements.

High quality and functionality are perfectly combined in the Trodat Professional 4.0: The brushed stainless steel reflects the high-quality processing of the stamp. The robust and sturdy casing provides a worthy frame for numerous new application benefits.

PROFESSIONAL™ 4.0 FEATURES

Save time and resources. The Trodat Professional 4.0 demonstrates its functionality by simplifying the work process of stamp dealers.

Ergonomic handle cushioning elements on handle and on feet reduce stamp vibrations.

High-quality stainless steel. Made of brushed stainless steel for maximum stability & durability.

Fast & clean date setting. Special grip zones and wider date wheels with new date band drive mechanism.

Optimised text plate guide ensures round, consistent stamp movement and perfect imprint quality.

New finger guard guarantees clean fingers when changing the ink cartridge & setting the date.

Easier text plate mounting. pre-assembled adhesive foam plate with positioning grid.

Faster date height setting. Central set screw allows adjustment of the date band height with just one spin.

Individual company personalisation. Laser-engravable handle with interchangeable colour ring.

TRODAT PROFESSIONAL™ TEXT STAMPS

The Trodat Professional is the perfect stamp for daily office use and ensures clean and precise imprints. For decades it has stood for reliability and professionalism. Precise workmanship and high-quality materials make it an enduring champion in the Trodat product range.

Trodat offers the most important sizes of the Professional in the latest generation Professional 4.0. These not only convince with their unique, brushed stainless steel design, but also with their superior ergonomics and functionality.

The Trodat Professional is available as a text stamp in numerous imprint sizes and thus offers just the right product for every application.

ORIGINAL TRODAT PRINTY

THE TRUSTED CHOICE WORLDWIDE.

The Original Printy 4.0 impresses not only with its attractive design - it is also climate-compensated. During the manufacture up to 49%* of CO₂ is saved in comparison to its predecessor. The remaining, unavoidable CO₂ footprint is offset by investing in Gold Standard climate protection projects recommended by the WWF®.

*ECO black and ECO grey. Lower percentage for other colours.

WE ASKED STAMP USERS

We asked users what, in their opinion, makes a good stamp. There were some interesting responses. Thus we incorporated these ideas when we developed the Original Trodat Printy 4.0.

1. Clean replacement of ink cartridge thanks to special grip zone

2. Exact placement of impressions thanks to the panoramic viewing window

3. Lightweight & small, perfect when you are on the move

4. The best Trodat impression.

WE ASKED RUBBER STAMP MAKERS

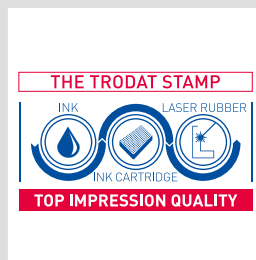

Numerous surveys with rubber stamp makers were carried out to identify what they expect from the ideal stamp. The valuable results have had a significant impact on the development of the Original Trodat Printy 4.0.

1. Simple mounting of text plates thanks to the raised position of the text plate holder

2. Easy to customise! Countless options for your logos and individual prints on the stamp housing

3. The usage of Trodat materials in combination is guaranteed to have a high-quality impression.

4. Convenient detachable index window which is symmetrical with a large grip

TRODAT PRINTY TEXT STAMPS

Choose the Original Printy 4.0! Trodat as the mother of modern self-inking stamps is offering the most important Trodat Printy sizes in its latest generation Original Printy 4.0.

The Printy range offers numerous imprint sizes, optimal functionality, simple and clean ink cartridge change and outstanding imprint quality. Furthermore, the bestsellers from this range are climate-compensated.

The Blue Angel Ecolabel applies for 4910-4915 in eco-black and eco-grey with black impression in single box.

PROTECTOR+™

INK ROLLERS FOR IDENTITY THEFT PROTECTION

PRODUCT NEWS AT TRODAT

Every day, thousands of identity thefts occur all over the world. Letters, bank statements, invoices, packages and more are carelessly thrown away, much of it containing data that could be used to steal a person's identity or personal information. That's why Trodat created the ID Protector and ID Protector+.

ID PROTECTOR™

With **Trodat's ID Protector** you can easily protect your personal data with just one roll. This handy ink roller helps you conceal personal and confidential information permanently with its unique impression pattern and special ink.

ID PROTECTOR+™

But that's not all! **Trodat ID Protector+** comes as an additional product variant with integrated box and letter opener made from durable ceramic blades. Opening mail and protecting your identity has never been easier with this convenient 3-in-1 solution.

PIXEL STAMP

NEW

The combination of Pixel Art and stamp by numbers!

PIXEL STAMP follows the paint-by-number principle, one template is filled with „pixels“ which are coloured by using stamps of different colors. Each pixel has an assigned number and each number has an assigned stamp colour. The templates have a surprise effect ! Only after stamping on several pixels, the kids will recognize which image they will get.

TRODAT POCKET PRINTY

YOUR PERSONAL STAMP NO MATTER WHERE YOU GO.

Trodat's Pocket Printy range comes to fulfil the needs of stamp users who are on the move and look for a stamp which is functional, easy to carry and always ready to use.

Whether it's the compact size, the various colour choices, the simple sliding mechanism or the attractive design, the new Pocket Printy has all the features you need to make it your perfect portable stamp solution.

PRODUCT COLOURS PRINTY

ECO-black	Sky blue	Flame red	Silver	Arctic white	Fuchsia-pink	Turquoise-Fuchsia Pink
NEW Pastel rose	NEW Pastel creme	NEW Pastel green	NEW Pastel blue			

POCKET PRINTY FEATURES

The stamp you carry everywhere
It doesn't matter if it is in your pocket, with a lanyard or with the clip. With the Pocket Printy you can do it all.

Just slide and stamp!
We keep it simple. An easy and intuitive one-handed slide mechanism.

Remarkably small!
Perfect combination of size and weight.

A unique design with a familiar look
It's modern design resembling the acclaimed Printy 4.0 makes the Pocket Printy the ideal newcomer to the Printy brand.

Right or left indicators
The text plate holder indicates how to mount the text plate for your left- or right-handed customers, so their imprints are not upside down.

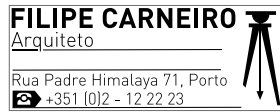

Customisable
Personalize your pocket printy with your customers logo or your own brand.

Additionally the icons on the replacement pads make the ink cartridge change faster and easier!

TRODAT MICRO PRINTY

OUR STAMP IS SMALL.
YOUR IMPRESSION IS POWERFUL.

During the development of the Micro Printy Trodat had one simple rule: design a compact, simple and lightweight stamp that delivers a superb impression whether you are at home, in the office or on-the-go.

Bold in style and functionality, the Micro Printy has an easy mechanism, constructed from high-quality materials and has a comforting familiar look, making it the ideal choice if a round portable stamp is what you are looking for.

TRODAT PREMIUM FLASH

With Trodat's Pre-inked Flash lines you get thousands of crisp and clear impressions, whether you use bold logos or fine lines. In addition they can be re-inked easily for thousands more.

Pre-inked stamps are very popular for large impressions, because the housing of the stamps is relatively small even for stamps with a large imprint area. All Trodat Premium Flash models promote dry cartridge inking concepts for efficient inventory management.

WHAT ARE THE BENEFITS OF MAXLIGHT S-STYLE, PSI E-STYLE AND SLIM STAMP?

Improved Die Box:

Cutting and sealing of foam is done by new laser technology. Therefore no space is wasted, resulting in a larger impression area.

Premium Flash Machine:

Quick & easy operation - not only foam, but whole die box can be flashed at once.

Convenient Inking:

Fast & clean - no accessory or scale needed. The patented dry cartridge concept allows high inventory flexibility. Trodat Premium Ink migrates under 1h.

1-Step Assembly Maxlight:

The snap-in die box provides the simplest assembling possible.

1-Step Assembly PSI:

The slide-in die box provides the simplest assembling possible.

1-Step Assembly Slim Stamp:

The snap-in die box provides the simplest assembling possible.

All Premium Flash products need to be ordered from Trodat USA (except Premium Flash Machine T1511M 220V which is available from Trodat Austria).

TRODAT CLASSIC

The models within the Trodat Classic line are timeless. They are available in various sizes. Whether you require the stamp to feature a date, number, text or the time, you will find the perfect traditional stamp to fit your needs.

The design reflects the modern, dynamic workplace and is a seamless addition to the existing Professional 4.0 and Printy 4.0 models. Honouring our commitment to sustainability, all plastic housings are made of ABS post-consumer recycled materials and manufactured in Austria. These hand stamps require the Classic hand stamp pads (see page 59).

TRODAT CLASSIC HAND STAMP PADS

The Classic hand stamp pads from Trodat create thousands of the best stamp impressions.

Trodat offers a variety of sizes with plastic housing that boast a modern design, with eco-friendly plastic parts made of at least 95% recycled plastic, as well as the water-based ink in the felt pad indelible in accordance with DIN ISO 14145-2.

The black hand stamp pads meet the requirements for archivability according to DIN ISO 11798 standard.

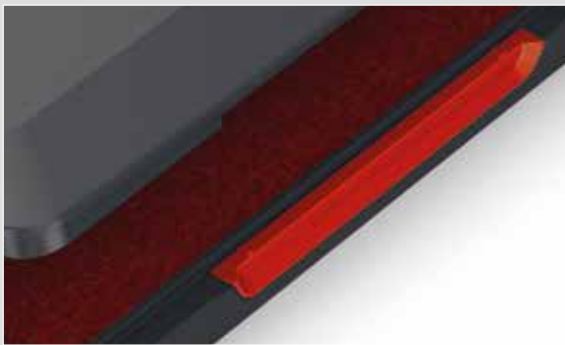

CLASSIC HAND STAMP PAD PRODUCT ADVANTAGES

Practical one hand operation thanks to best ergonomics

Delivers Trodat's best stamp impressions due to a very fine pad structure, allowing an even ink distribution on the stamps' text plates. Always ready-to-use in all climate conditions: due to Trodat stamp ink's hygroscopic characteristics the pad refreshes by drawing moisture from the air

Stamp pad colour displayed on the casing for easy colour identification

INK CARTRIDGES

By using Trodat replacement pads you can be sure that your stamps will always deliver uniform and clean impressions. Both the pad material and the ink colour have been continuously perfected over many years of research. Replacement pads are available for all Professional, Printy, Pocket Printy, JustRite and Numbering Machine models. Trodat replacement ink cartridges are inked with 7012 colours.

The standard range of Trodat 7012 stamp inks including, black, red, green, blue and violet – is indelible in accordance with DIN ISO 14145-2 and therefore creates the perfect, high-quality impression. Furthermore, the black ink meets the permanence and durability properties as certified by the Standard DIN ISO 11798. The performance features of the 7012 stamp inks are outlined in the section “Trodat Stamp Inks”.

TRODAT LASER RUBBER

Is there such a thing as a laser rubber that suits every application? Probably not. That's why Trodat has developed a range of products that meet all requirements. Which text plate rubber is right for you depends entirely on your business and on the kind of orders you have. The choice is yours!

With Trodat laser rubber you choose the best engraving results and highest productivity.

ALL GOOD THINGS COME...

The results are so convincing because coordinated research work is carried out into all three segments: stamp components, laser engraving equipment and text plate materials. It is the combination of these three well-coordinated components that creates the unique features that allow Trodat customers to clearly stand out from the competition.

THE TRODAT ADDED VALUE

The great desire to do things better is the driving force behind our constant search for innovation. Helping our partners to become market leaders is the objective of every division of the TroGroup.
Original Trodat products simply give our customer more.

Combining these products and services generates unique Trodat customer benefits. Enthusiastic customers are the best basis for sales success. This makes the stamp business fun.

trodan[®]

TRODAT STAMP PRODUCTS CLEARLY SUPERIOR

Modern design, exceptional functionality and the best materials make every single Trodat stamp an original. Trodat products are truly originals: In 1976, the Trodat Printy, the first plastic self-inking stamp, was invented, which is now a bestseller worldwide and is currently available in the original Printy 4.0 version. Constant innovation for the highest quality and early attention to real sustainability have allowed us as a family business to grow into the world's largest stamp manufacturer. Continuity and trust also characterize Trodat's collaboration with its sales partners - in over 170 countries around the world.

LEGAL INFORMATION

The text plate sizes indicted are upper limits and do not necessarily correspond to the actual size of the impression. This may be marginally different depending on the production method used for the textplate. Colour designs depend on a wide range of influencing factors, such as paper, humidity, monitor settings, etc. It is possible that individual colour systems may vary.

All data provided are Trodat definitions. We recommend you carry out print proofs and sample stamps. The impressions and logos shown are entirely fictitious. Any similarities to existing companies and real people are purely coincidental.
