

jetStamp 1025

**** NOW **** Printing options of up to 2 inches with corresponding accessories • 100% mobile • Large imprint area • Ideal for small and large objects • Display guided operation • Large imprint memory • Max. print size: 85 x 52 mm (W x H) = 2 inch with corresponding accessories

Mobile printing - simple, flexible, everywhere!

Marking must be fast, uncomplicated and precise - that's exactly what the jetStamp 1025 was developed for. Whether packaging, cartons, pallets or other materials - this cordless handheld printing device applies texts, barcodes, QR codes, logos, dates and times at the touch of a button. Thanks to the matching accessories, the Guide templates, you can achieve razor-sharp prints with a maximum print size of 85 x 52 mm (W x H), without the need for a fixed workstation.

With Bluetooth and USB connectivity, print images can be easily transferred and the integrated display clearly shows the selected layout at all times. The intuitive multiple release - both on the side and in the middle of the handle - ensures ergonomic and convenient operation.

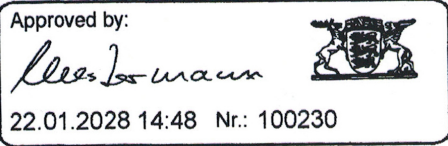

Thanks to intelligent printing technology, the *jetStamp 1025* delivers reliable, smudge-proof results on a wide range of materials - from paper and cardboard to wood, plastic and metal. Its long battery life and cordless flexibility make it the perfect solution for efficient, mobile marking.

- 100% mobile
- Large imprint area
- Ideal for small and large objects
- Display guided operation
- Large imprint memory
- Max. print size: 85 x 52 mm (W x H) = 2 inch with corresponding accessories
